Non-Prescription Medication Guidelines

An important message from Nurse Jenna Combs

Parents must bring in any medications to the office. Students should not have any medications without permission in the school. Any over-the-counter medication that you want given in the school needs to be in the original packaging and/or sealed.

The Permit For Dispensing Non-Prescription Medications Form (found [here](#)) needs to be filled out with instructions on exactly how you want your child to take the medication. For example, if the form instructs to give 200mg of ibuprofen, I will only give 200mg even if a parent/guardian calls and tells me to give 400mg. Also, the form needs to have the exact reason as to why the child can take the over-the-counter medication. For example, if you have for headaches on the form and the child's muscles hurt, I will not give your child the medication. I can only give the medication for headaches if that is what is indicated on the form.

If you have any questions, please do not hesitate to contact me at 513-423-4542, ext 1183.
