IOWA TESTING - APRIL 27-MAY 1

Dear MCS Parents,

Next week, we will be administering the IOWA Assessments to all students in grades K–12. This testing allows both parents and MCS to track student achievement and academic growth.

For our high school students, the state of Ohio permits us to use IOWA testing scores to meet state graduation requirements in place of the Ohio end-of-course exams. This also includes students in 8th grade Algebra 1. All students in grades K–12 will complete the full IOWA testing battery for their grade level.

School hours will remain the same for all grade levels. Elementary students (K–5) will test according to their classroom teacher's schedule. Middle and high school students will follow a two-hour delay schedule during the week; however, all students should report to homeroom at the regular start time each day. Please avoid scheduling appointments that would cause your student to miss testing time.

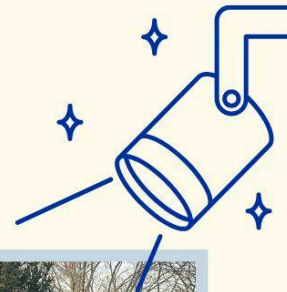

High school students are expected to complete testing by Thursday, April 30th. If they do not have any makeups, they may report on the two-hour delay schedule on Friday. If this creates a conflict for your family, students are still permitted to arrive at the normal start time.

It is important that students arrive on time each day, well-rested, and having eaten a good breakfast so they are prepared to do their best.

If you have any questions about IOWA testing week, please email Mr. Brown at dustin.brown@mcseagles.net or call extension 1188.
