EAGLES GIVE BACK SIGHTINGS - WILLIAM ROSE

William Rose is a 12th grader at MCS, who recently participated in a Mission Trip to Antigua, Guatemala with a group from University Baptist Church in Middletown. The primary project for the trip was the building of a house, which took the group three days to complete. William thought that it was a spectacular experience. He was able to share the gospel in Spanish with a family and he had many opportunities to serve the community there. Below you will find an interview that we had with William about his experience in the mission field.

What is the single favorite memory or funniest moment from the trip?

My favorite part was when I was able to share the gospel in Spanish. The funniest part was perhaps when a grandma from last years house build was remembering my brother, who could not come this year, as “guapo,” which means handsome in Spanish.

What was your very first impression when you arrived at your destination?
I honestly felt like a little unsettled because of the way the houses and stuff just seemed not as nice, and life seemed maybe more rough than here in the US, but I loved that everything was in Spanish and I was super excited for the week.

What surprised you the most about the culture or the people you met?
They were so friendly and would often give hugs when you just met the people. They were very open to meeting us.

Where did you see God working the most clearly during the trip?
I saw him work in all the ministries we worked with. He was clearly using them to influence the community and for expanding his kingdom.

Was there a specific Bible verse or worship song that became the theme of the week for you?

Yes. We discussed the whole week about “loving your neighbor as yourself.”

How did this experience change or strengthen your personal relationship with Jesus?

It showed me and gave me confidence that I want to serve the Lord with my life in missions of some sort. I better understood the need and calling upon my life for sharing the Gospel in another country.

Tell us about one specific person you met whose story you will never forget.

Sonia. She is the leader of “Joyas De Cristo” (Jules of Christ), which is a wonderful kids ministry. She has struggled so much in her life, losing family and friends, yet she continues to serve the Lord with her time. She is one of the sweetest ladies I have ever met.

What did the local community teach you about faith, joy, or perseverance?

That you don’t need material things, friends and family are a blessing from God and should be enough. I think the Christians there understood how important family is, and that they should live for God. They also had so much joy and laughter in their ministries, because they persevered through the hard times when it seemed God wasn’t there. But he always is no matter the circumstances.

What was the biggest challenge you faced, and how did you overcome it?

The biggest challenge for me was probably trying not to be selfish during the trip. I had to realize that this experience was not all about me, even though I was so excited about it. It was about serving others for God’s glory. So, I had to keep my focus on that—God’s glory. And I was praying for others and serving others instead of focusing on myself.

What is the most important lesson you brought home with you?

That no matter where you are on this earth, whatever the circumstances, God is working and there are people out there praising the Lord! Yet, there are also people lost who need to hear the Gospel personally. And they won’t hear it unless someone goes out into the world and tells them!

How do you plan to take what you learned on this trip and apply it to your daily life at school and home?

I want to have a mindset focused on others. And I want to be locked in on my relationship with the Lord, because if I am not equipped to share the Gospel,

how will I go out and let people hear of it? I want to use my life fully for the Lord's kingdom.

If you had to describe the entire trip in just one word, what would it be?

Inspiring

What would you say to a student who is on the fence about going on a mission trip?

I would say that being on a mission trip is where I, as a Christian, have felt the most fulfilled, and I always feel I grow the most as a Christian due to these trips. Plus, you get to share with others the best message in the whole world—the Gospel! You will never know the joy it is to experience a mission trip if you never commit to going on it! Just do it!

What else would you like to tell us about your experience?

Guatemala was probably one of my favorite missions trips I've gone on. God was working so much, not just in the people we served, but the people we helped serve alongside, and us! And there are so many stories I, and the other 18 people who went, are now sharing with our community!

We are so grateful to see the Lord work through William and are thankful for his service to the Lord and for how God continues to use him as a leader here at MCS!

*This event wouldn't have been possible without all the great church sponsors
doing Kingdom Work each and every day in our community.*

We are excited to share a special opportunity for our MCS community to come together and make a difference right here in our own backyard!

On Saturday, November 14th, Middletown Christian Schools will host our Kingdom Workers 5K, a fundraiser with a purpose that goes far beyond running a race.

How Can You Get Involved?

We would love to see our MCS families participate! Whether you are an experienced runner, enjoy walking, have younger children participating in the Fun Run, or simply want to come out and support this family, there is a place for you at this event. You can also help by sharing this opportunity with your church, friends, and family.
